

Hope Water Project Fundraising 2019 Version 2

We are excited to roll out our new fundraising platform – ROCK. We made the transition this year to ROCK to streamline and to save money! We appreciate your patience as this year everyone will have to setup new pages, but in the end, we are excited to see the cost savings by using this platform!

We encourage you all to jump in and set up your pages so you can begin to share your journey with friends and family. This year we have one fundraising event – **Hope Water Project** – and all participants will fundraise for the cause so we can watch our total grow! You will be asked in the registration process what event/s you are participating in, this does not register you for the actual event, it's just so we can track who is participating in each!

Below are the instructions for creating your fundraising page. If you have questions or concerns, please reach out to info@hopewaterproject.org.

Thank you for your continued support!

If you are setting up an [individual fundraising page](#) (i.e. with your own name), please follow the instructions below.

If you want to setup a [team fundraising page](#) (to raise money as a team and not an individual), please email: melodie.lange@kensingtonchurch.org for assistance in the initial setup.

Instructions:

1. Navigate to <https://profile.kensingtonchurch.org/hwp>
2. Scroll down to the *Upcoming Fundraising Opportunities* section
